# audiesafe
lone worker & personal safety

Audiesafe Lone Worker & Personal Safety builds on **Audiesafe's** instant alerts with added tools for enhanced personal safety, ideal for lone workers, mobile staff and higher-risk environments.

Key Features

Check-In Timer
Check-in timer triggers alert if acknowledgment is missed

Manual Check-in Solution
When using a location for a limited period, use the manual check-in solution

24hr Remote Monitoring (Optional)
Safety verified by operators; unanswered calls trigger emergency escalation

Wellbeing & Incident Reporting
Report non-urgent concerns directly through the app

Instant Alerts
High-priority notifications to supervisors or security

Real-Time Geolocation
Know where help is needed, the moment it's needed

Alert Differentiation
Easily see the type of alerts being recorded in the security portal

Customisable Buttons
Tailor alerts for Medical, Security or Immediate Assistance

Battery & Connectivity Monitoring
Get alerts for low battery or lost signal

SOS Button & Discreet Alarm
Instantly request help, visibly or silently

Medical Details
Provide details of your medical history i.e. Epilepsy, so first responders are aware of issues

Fall Detection
When using the check-in/check-out solutions, fall detection becomes available

Advanced Reporting Capabilities
Create comprehensive reports through the portal

Circle of Friends
Notify trusted contacts via SMS or email in emergencies

Geofencing Abilities
Draw a shape around the building(s), areas you want to protect. Once users leave this area the app will stop alerting responders and move to individual user's preferred setting
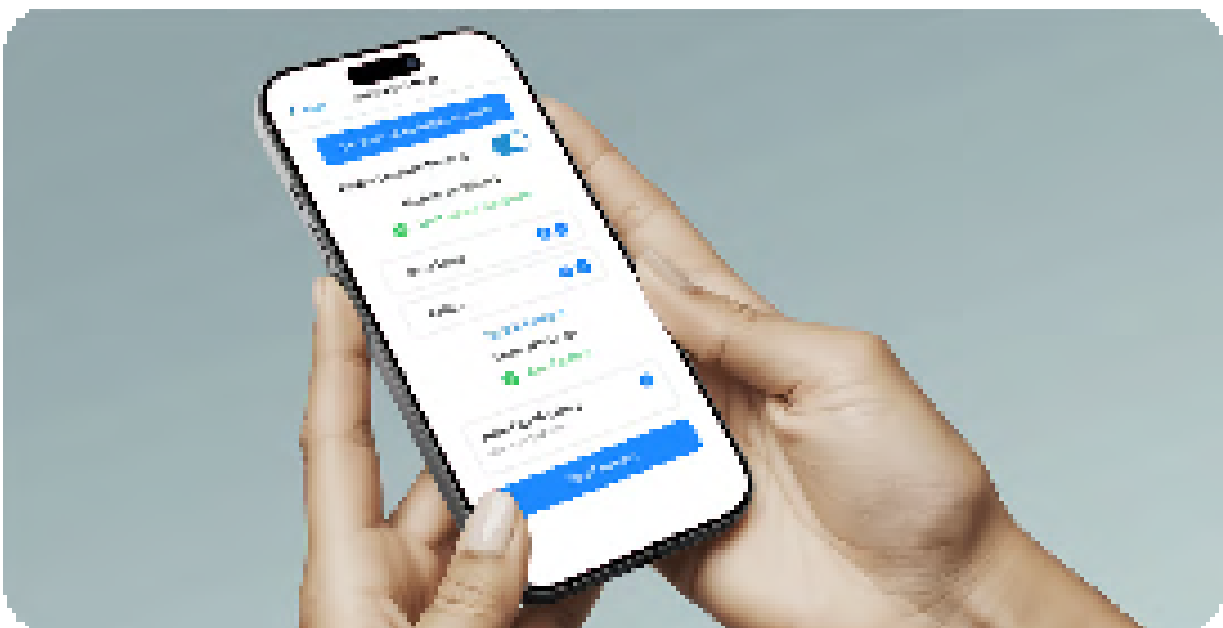

audiebant | **Elementary** Technology

How It Works

- Worker logs into app at shift start

- Check-ins and smart monitoring maintain safety

- Emergencies trigger real-time alerts with location

- Contacts are notified immediately for rapid response

Why Audiebant?

At Audiebant, we believe communication should be seamless, intelligent and reliable. As a global technology company, we specialise in unifying audio, visual and mobile alerts into one powerful system ensuring people stay safe, informed and connected.

Our scalable, user-friendly solutions are trusted by organisations across education, healthcare, government, transport, events and commercial sectors, delivering the right message, in the right place, at the right time.

audiesafe
1st response

App to compliment Audiesafe – Lone Worker & Personal Safety

- Perfect for use by the first responder/ security team

- Immediate despatch via instant alerting and geolocation details

- Real-time collaboration with first responders

- Two-way chat between the responder and the user

- Easy chat with other responder team members, via the inbuilt groups

- Instant updates on the location of other first responders
