Helping schools use technology to deliver better education

ActivPanel 9 Premium

Simplicity

The intuitive interface and user-friendly design gives you a personalised environment with your Promethean account, and enhances your teaching with the Classroom Essential apps, plus upto 20 points of continuous touch.

Adaptability

Designed for optimal education experiences, record using built in microphone array, share recordings easily via cloud classrooms, and use ScreenShare for real time collaboration in classroom and remote environments.
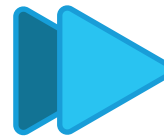

Connectivity

With ActivSync, break the digital barriers between devices, increasing connectivity, such as connecting to a PC's file manager directly on the panel. Connect to Microsoft Teams and Google Classroom is quickly and intuitively.

Security

With enhanced security and sign-in options, personal data is kept safe in your Promethean profile. Sign in with NFC, or with Google or Microsoft, or via QR code, so no password is required on the panel.

Longevity

Designed with longevity at its core, use Promethean Panel Management or Radix to apply Over-the-Air updates, latest security features and new features keeps the panel upto date. Panel Management, along with proximity sensors help with energy efficiencies, reducing your carbon footprint. And, with a durable toughened glass combined with best-in-field writing and viewing experiences, and a comprehensive warranty offering, ActivPanel 9 Premium are designed for the long term.

ActivPanel 9 Premium

"The 4k screen on the ActivPanel 9 Premium gives really powerful colours, helping resources to stand out more on the screen. Additional features like NFC make it easy to use."
